Friday March 27<sup>th</sup> /89/

J. H. Moore, M. A. Moore & Father went to town & took 4 boxes of specimens, that we had packed for future use, with them. J. H. Moore & Father have went in partnership in the specimen business & expect to operate in Hot Springs Fall River Co. S. D. the next summer. We expected Father back to night but he did not come. I dressed some Wind Cove Marble on a sandstone block this forenoon (5 pieces). After dinner I started over to Beaver Creek to see J. L. Davis the school teacher. I went to the school house but he was not there so I went around in the hills prospecting. I found him at J. C. West & he said that he was coming over alone in the morning. He is boarding at W. F. Read's place.
